MONEY PROJECT

Using the assigned topic, plan a presentation that meets the following criteria:

1. Plan a presentation for the class. (100 points)
 - Your presentation must be between 10-15 minutes long.
 - You must include at least one type of attractive visual.
Examples: PowerPoint, overhead, poster, etc.
 - You must demonstrate (through your presentation) that you clearly understand the material.
 - You must speak loudly and clearly while maintaining eye contact with your audience.
 - You may use index cards to help you; however, you will lose points if you spend most of your time reading directly from them.

2. You must create a study guide. (100 points)
 - All information must be typed or clearly written.
 - Your study guide must be easy to understand.
 - There should be no spelling or grammar mistakes.

3. When others do their presentations, you will be receiving a grade on your performance as an audience member. (100 points) You will be judged on the following criteria:
 - Are you listening attentively?
 - Did you ask relevant questions?
 - Are you actively and appropriately participating?
