Homework

Choose either A or B. Everyone must also complete C:

A) Write an article for the local newspaper. They are doing a story about your cottage and would like to know how and why you decided to build it the way that you did.

OR

B) List all of the building materials in the order of their percentage contribution to the cost of the whole project. This should include all of the items utilized in the budgeting exercise. Show your results graphically.

AND

C) Construct an Excel spreadsheet to display your choices for the budgeting exercise. The spreadsheet should calculate all costs and totals. It should have a presentation appearance.

The Breakers is the grandest of Newport’s summer "cottages" and a symbol of the Vanderbilt family’s social and financial preeminence in turn of the century America.
